

For Team Concept January 2009 eNewsletter:

New for 2009 at Team Concept Printing & Thermography

Team Concept Printing & Thermography has earned Forest Stewardship Council (FSC) Chain of Custody Certification (COC).

FSC Certification provides a verifiable method to ensure customers that they have purchased paper that comes from well-managed forests and/or other verifiable sources consumer recycled material. Team Concept Printing follows the Chain of Custody Standard that is required to track and label FSC certified wood and wood fiber products. With FSC Certification, environmentally conscious businesses, publishers, designers and advertising agencies can address their increase in well managed challenges and demands.

When selecting papers that are certified, you are demonstrating your commitment to responsible forest management and a sound business practice.

FSC Certification is a part of Team Concepts efforts to minimize its impact on the environment. Vegetable or soy oil based inks are available to further our sustainability efforts and challenges.

FSC certified forests are responsibly managed according to set standards. The goal is to improve forest conservation and reduce deforestation. The FSC certification indicates that the wood product is verified and tracked through its various stages and into its final state according to the strict environmental standards.

Team Concept Printing & Thermography is certified through SGS Group, an FSC-Accredited Certification Body. By achieving this certification, Team Concept will meet the FSC Chain of Custody manufacturing and material handling guidelines under certification number SGS-COC-005356.

“As a wholesale provider to the printing industry we are evolving with the world as it improves its methods to do good for the planet”

About FSC

FSC is an independent, non-governmental, not for profit organization established to promote the responsible management of the world’s forests. It provides standard setting, trademark assurance and accreditation services for companies and organizations interested in responsible forestry. Products carrying the FSC label are independently certified to assure consumers that they come from forests that are managed to meet the social, economic and ecological needs of present and future generations.
